2.0 GOVERNANCE PROCESS

2.1 GOVERNANCE PRINCIPLES

The Board commits to a set of guiding principles in order to ensure careful stewardship of the public trust.

- 2.1.1 The Board governs the library on behalf of the people of Salt Spring Island. It is to this community that the Board is primarily accountable.
- 2.1.2 The Board's priority is to determine Mission and Goals, liaise with the community, provide financial stewardship, and monitor the library's performance.
- 2.1.3 The Board is a governing body that speaks with one voice. All authority rests with the Board, and individual directors have no authority except as conferred by the Board for specific purposes.
- 2.1.4 The Board has one employee: the Chief Librarian. The Chief Librarian is accountable and reports to the Board.
- 2.1.5 The Board leads through policy, using a framework that defines four categories of Board Policy: Mission and Goals; Governance Process; Board - Chief Librarian Relationship; and Executive Limitations.
- 2.1.6 The Board states the expected Mission and Goals, directing the Chief Librarian to determine the "means" to achieve these results within limits of ethics and prudence.
- 2.1.7 When developing policy the Board starts at the broadest most inclusive level, gradually moving towards more specific statements. Each policy is defined and narrowed to a point where the Board is satisfied that any reasonable interpretation would be acceptable.
- 2.1.8 When the Board approves policy, the Chief Librarian is empowered to make all further decisions. The Chief Librarian's authority begins immediately and automatically.
- 2.1.9 The Chief Librarian is responsible for the creation, review and revision of all operational policies. All Operational Policies will be subject to annual review by the Board.
- 2.1.10 The Board monitors the Chief Librarian solely on the basis of organizational performance, written policies and mutually agreed upon expectations.
- 2.1.11 Board committees are to assist the Board in doing its job; not to advise or direct staff in doing their job.
- 2.1.12 The Board's ongoing activity is anchored by its bylaws and is focused on governance issues rather than operational or management issues.

2.2 ROLE OF THE BOARD

The job of the Board is to exercise its role as public trustee for the people of Salt Spring Island. The Board is responsible for creating a vision of library service for the community, articulating values and principles, setting goals, developing effective governance policy, providing financial stewardship, monitoring library performance and meeting provincial standards.

Accordingly, the contributions of the Board will be to:

- 2.2.1 Liaise with the community to determine:
 - a) what they want the library to be,
 - b) what the library should accomplish, and
 - c) what benefits are worth the costs.
- 2.2.2 Articulate the vision, values and principles that form the foundation for policy and define library priorities.
- 2.2.3 Write governing policies that, at the broadest levels, define:
 - a) **Mission and Goals:** Which long-range benefits will be achieved, for whom, and at what cost
 - b) **Governance Process:** How the Board conceives, carries out and monitors its own job
 - c) **Board–Chief Librarian Relationship:** How the Board delegates authority to the Chief Librarian and monitors performance
 - d) **Executive Limitations:** Those Board and staff practices that will not be permitted.
- 2.2.4 Monitor achievement or compliance with policy against criteria it has previously set, using:
 - a) reports authorized by the Chief Librarian;
 - b) reports from outside individuals or agencies;
 - c) direct inspection by the Board.
- 2.2.5 Evaluate the Chief Librarian’s performance based on organizational performance, written governance policy, and mutually agreed upon expectations.
- 2.2.6 Use the results of monitoring to improve performance by:
 - a) reviewing existing policies;
 - b) revising existing policies;
 - c) formulating new policies.
- 2.2.7 Develop long term financial stability and growth by advocating for funding that supports prudent long term planning requirements for the provision of library services to the Salt Spring Island community.
- 2.2.8 Develop a Library Development Plan that incorporates a multi-year financial and capital plan, and the annual Strategic Plan.
- 2.2.9 Develop a Communications Plan for increasing the community support for the library through raising the profile and awareness of the value of the library.

- 2.2.10 Create partnerships with other agencies to achieve the library's Mission, and to foster effective and efficient delivery of library programs and services.
- 2.2.11 Recognize the value and contributions of staff, volunteers and directors.
- 2.2.12 Develop and comply with the Bylaws.
- 2.2.13 Carry out other responsibilities as specified in the Library Act.

2.3 GOVERNANCE STYLE

The Board will govern with a proactive style emphasizing outward vision, encouragement of diversity in viewpoints, strategic leadership, clear distinction of Board and staff roles, collaborative decision-making, and a focus on the future.

Consequently, the Board will:

- 2.3.1 Encourage its members to govern with excellence. Discipline will apply to matters such as attendance, governance principles, respect of roles, and support for Board decisions once made.
- 2.3.2 Be accountable for accomplishment of its obligations as a public trustee.
- 2.3.3 Direct, control and inspire the organization through the careful establishment of the broadest written policies that reflect the community's values and perspectives.
- 2.3.4 Focus chiefly on intended long term benefits, not on the operational means of attaining those results.
- 2.3.5 Monitor and regularly discuss the Board's own process and performance. Ensure the continuity of its governance capability through Board education and development.
 - a) Self-monitoring will include annual comparison of Board activity to its Governance Process and Board-Chief Librarian Relationship policies as well as implementation of feedback from interviews conducted with retiring directors.
 - b) Continuous development will include orientation of new members to the Board's governance model and policies, and periodic Board discussion of governance process improvement.

2.4 ROLE OF THE CHAIR

The role of the Chair is, primarily, to ensure the integrity of the Board's process and, secondarily, to represent the Board to outside parties.

Consequently, the Chair:

- 2.4.1 Upholds the Board's own policies and rules and those legitimately

imposed upon the Board from outside the organization.

- 2.4.2 Restricts meeting agendas and discussions to those issues that, according to Board policy, are clearly in the Board's jurisdiction, not the Chief Librarian's.
- 2.4.3 Chairs Board meetings with all the commonly accepted powers as outlined in Robert's Rules of Order.
- 2.4.4 Keeps deliberations timely, fair, orderly, thorough, efficient, time efficient, and to the point.
- 2.4.5 Does not have a vote. In the event of a tie, the Chair may cast the deciding vote, or abstain to bring about further discussion.
- 2.4.6 Makes decisions on behalf of the Board that fall within and are consistent with any reasonable interpretation of Board policies on Governance Process and Board-Chief Librarian Relationship.

2.5 ROLE OF THE VICE-CHAIR

The role of the Vice-Chair is primarily to act for the Chair when required.

- 2.5.2 Performs such other duties as may be directed by the Bylaws of the Salt Spring Island Public Library.

2.6 ROLE OF BOARD COMMITTEES

The Board will operate as a committee-of-the-whole, and will also have permanent committees as appear in the Bylaws of the S.S.I.P.L.A. It will also designate task groups, committees or individuals on an ad-hoc basis, to help carry out its governance subject to the direction of the Bylaws. This policy applies only to tasks delegated by Board action and not to those delegated under the authority of the Chief Librarian.

Consequently, Committees:

- 2.6.1 Will not interfere with the wholeness of the Board's job, or with delegation from the Board to the Chief Librarian.
- 2.6.2 Will not speak or act for the Board except when formally given such authority for specific, time-limited purposes.
- 2.6.3 Are constituted to help the Board do its job, not to advise or help the Chief Librarian do her/his job.

Consequently, Board Members:

- 2.7.4 Will engage in public advocacy for the Library by promoting its work, understanding the message it strives to deliver, and inviting the public's opinions and reporting input to the Board.
- 2.7.5 Will take reasonable steps to keep themselves informed of:

Any duality of interest or possible conflict of interest will be disclosed to the other Board Members and recorded, either when the duality or conflict is known or when the interest becomes a matter requiring Board attention, whichever comes first. A Board Member with a duality or possible conflict of interest will not be in the room to participate in discussions or votes on the issue(s) in question. The minutes of such a meeting will reflect the disclosure and the abstention from attendance and voting on the issue.
- 2.7.10 Will respect matters of confidentiality and privacy interests of individuals (patrons, staff and volunteers). Confidential information may include information that relates to business, financial, legal or personnel/human resource matters, discussions, decisions and all related correspondence, and includes all in camera discussions. A Board member must not, either during or following the termination of their term on the Board, disclose confidential information, either orally or in the form of written material, to any person unless authorized by the Chair of the Board or the Chair of the Board's delegate. Board-related documents and records must be maintained by Board members in a manner that respects their confidentiality where appropriate.

- 2.7.12 Will assume fiduciary responsibility toward the funds that are entrusted to the Salt Spring Island Public Library and promote sound budgetary management and the long-term economic wellbeing of the Library.
- 2.7.13 Will serve on at least one Board committee. As members of Board committees, Board

members must use their best efforts to respect the committees' established terms of reference, attend scheduled meetings, be prepared for those meetings, and be prepared to complete their committee related tasks with diligence and in a timely manner.

2.7.14 Will not apply for a paid staff position.

2.7.15 Will not participate in any part of the selection process when a relative is an applicant. The selection process includes screening applications, interviews and reference checking. No special advantage will be given, or favouritism shown, in hiring relatives of Library Board members or employees, and all regular prospective employment opportunities will be made available to any interested candidate. Relatives of Library Board members and of Library employees may be appointed to the staff with the exception of the Chief Librarian position. Any such appointment will abide by the principles of merit, equity and fairness and every attempt will be made to avoid placing relatives in a conflict of interest position. No such appointment may be made if it will create a supervisory/subordinate relationship. For the purpose of this policy, relative is defined as a parent, spouse (including common-law), brother, sister, child, grandparent, grandchild, or in-law.

2.8 ANNUAL AGENDA

INVESTMENT MANAGEMENT POLICY, GOALS AND GUIDELINES

Salt Spring Island Public Library

Adopted November 18th, 2014

This Investment Management Policy Statement (“Policy”) is intended to govern the investment practices of the assets of the Salt Spring Island Public Library Association (“SSIPLA”), so that all individuals with either direct or indirect responsibility may effectively supervise, monitor, evaluate and manage the SSIPLA investment assets.

This Policy addresses the following issues:

- The general goals of the Operating, Reserve, Capital Improvement and Endowment Funds
- The specific investment objectives of the Funds

Operating Fund:

The Operating Fund will be invested with the objective of preserving its assets to cover operating expenses and realizing earnings in a way that allows for immediate liquidity to meet the Association's ongoing operational needs. Operating Fund assets may be maintained in the chequing and savings accounts that the Association uses for day-to-day operations. The Funds may be invested in other cash-equivalent investments, such as savings accounts, money market accounts, certificates of deposit with maturities appropriate for expected needs, Treasury bills and other easily liquidated investments.

Reserve Funds:

Three to six months operational contingency will be kept in this fund. The Operational Reserve Funds will be invested with the objective of preserving the long-term real purchasing power of the Funds' assets while realizing appropriate investment income. Reserve Funds' assets may be invested in certificates of deposit, Treasury bills and other investments that are easily liquidated.

Capital Improvement Funds:

Two to three years of funds required for capital improvements will be held in this fund, based on the objectives of the Capital Plan provided yearly by the Building Committee. The Capital Improvement Fund will be invested with the objective of preserving and enhancing the purchasing power of the Funds' assets while ensuring that liquidity requirements can be met. Capital Improvement Fund's assets may be invested in certificates of deposit, Treasury bills and other investments that are easily liquidated.

The asset allocation of each of the above Funds will be determined from time to time by the Board of Directors, in consultation with any managers or advisors, as appropriate. The allocation will reflect the Fund's investment objective, risk tolerance and the need for liquidity as established under this policy.

The Endowment Fund:

The Endowment Fund is a perpetual fund established with the objective of preserving and enhancing the real purchasing power of the investment assets over time, while providing a predictable contribution to the annual operating budget. The Board will be responsible for holding and managing the original contributions according to the Investment Policy

Statement attached to this document. The Board will also be responsible for distributing any income and gain produced by the Endowment Fund, in accordance with the policies, with the purpose of benefitting the SSIPLA and furthering its mission and strategic priorities.

INVESTMENT POLICY STATEMENT

Salt Spring Island Public Library

Adopted November 18th, 2014

This Investment Policy Statement is intended to govern the investment practices of the Endowment Fund so that all individuals with either direct or indirect responsibility may effectively supervise, monitor, evaluate and manage the investment assets.

This Policy addresses the following issues:

- The general goals of the Operating, Reserve, Capital Improvement and Endowment Funds
- The specific investment objectives of the Funds
- Asset Allocation and rebalancing policies
- Measurement and evaluation of investment performance

A. Policy

Endowment assets will be managed on a total return basis while taking into account the level of liquidity required. The Finance Committee recognizes the importance of the long-term preservation of capital and adheres to the principle that varying degrees of investment risk are generally rewarded with commensurate returns over the long term. Therefore, investments with different types and degrees of risk are appropriate for the Endowment, provided that such risks are regularly identified and managed.

B. Roles and Responsibilities

The Finance Committee is authorized by the Board of Directors (“Board”) to act on its behalf subject to this Policy Statement. The Finance Committee, in turn, is authorized to delegate certain responsibilities to professional experts in various fields, including the flexibility to retain, terminate, or replace an external Chief Investment Officer (“CIO”). This delegation of authority allows for sufficient flexibility in the management process to capture investment opportunities as they arise.

The Finance Committee is responsible for:

1. Establishing and maintaining the Investment Policy Statement and Target Asset Allocation.
2. Monitoring the performance and risk profile of the Endowment as a whole.
3. Prudently diversifying the fund’s assets to meet the agreed upon risk/return profile.
4. Recommending the hiring, terminating, or replacing of an external CIO to the Board (if required).
5. Reviewing and addressing all potential conflicts of interest.
6. Including consideration of social, environmental and ethical issues in the management of the fund.

The external CIO is responsible for:

1. Selecting, rebalancing, terminating, and making tactical shifts between Investment Managers.
2. Monitoring the appropriateness of each Investment Manager's strategy given SSIPLA’s overall investment strategies, philosophies, and objectives.
3. Monitoring the investment performance of each Investment Manager compared to the benchmark established for that Investment Manager.
4. Overseeing SSIPLA’s investment assets and reporting on the status of the investments to the Finance Committee and/or Board of Directors.

C. Investment Goals and Objectives

The investment objective for the Endowment is to preserve and enhance the real purchasing power of these assets over time, while providing a reasonably predictable contribution to the annual operating budget.

Expected Return

The expected return objective for the portfolio, measured over rolling three-year and five-year periods, is to provide an annualized total return, net of fees, of five percent (5%) over the rate of inflation (as measured by the Consumer Price Inflation (“CPI”)).

Risk

The Endowment should experience risk as measured by volatility or variability of return not materially higher than that of the composite benchmark defined as 60% equity 40% fixed income.

D. Annual Draw Rate

The Board of Directors sets the annual draw rate with input from the Finance Committee. The current annual draw rate is set at 5%. The first draw shall be made in January, 2016 and shall be established by determining the value of the endowment fund at the end of the prior four quarter ending Endowment values. The second draw shall be made on January, 2017 and shall be established by determining the value of the endowment funds at the end of the prior eight quarter-ending Endowment values. Thereafter the yearly draws shall be made in January and shall be established by determining the value of the Endowment fund at the end of the prior twelve quarter-ending endowment values.

All distributions shall be made only to the Salt Spring Island Public Library.

E. Asset Allocation

Diversification across asset classes is a core principle of prudent portfolio management. The Finance Committee will evaluate asset allocation targets and ranges for the Endowment and will review each annually. Certain asset classes require substantial time to adjust levels, particularly private equity and real assets, as well as multi-strategy mandates. Consequently, implementation of adjustments to targets and ranges may require several years to achieve.

Target Asset Allocation

	Minimum %	Maximum %	Target %
Cash and Equivalents	2%	10%	5%
Real Return Bonds	5%	25%	10%
Canadian Bonds	15%	45%	30%
Canadian Equity	10%	30%	20%
International Equity	10%	20%	15%
US Equity	10%	20%	15%
Real Assets	0%	10%	5%

Liquidity is required to meet operating cash needs, additional unanticipated needs, and to take advantage of unforeseen market opportunities.

The endowment should follow a passively managed, index replication approach.

At all times, at least 25% of the Endowment should offer daily liquidity, and at least 50% of the Endowment should be able to be liquidated within one year.

F. Asset Class Guidelines

1. **Cash** is intended to serve as the principal source of liquidity for cash flow for the Endowment. It will be invested in the safest assets including Treasury bills, or safe money market instruments that focus on Treasury bills and equivalents. The focus is on liquid assets as opposed to generating significant yield.
2. The purposes of the **Real Return Bonds** allocation are to (i) provide current income to support cash flow; and (ii) to create some measure of diversification. A Canadian Real Return Bond Index ETF should seek to provide income by replicating, to the extent possible, the performance of the FTSE TMX Canada Real Return Bond Index™, net of expenses. The index is a market capitalization index consisting primarily of Canadian federal and provincial real return bonds.
3. The purpose of the allocation to **Canadian Bonds** is to provide long-term capital appreciation. An Index ETF should seek track the performance of the FTSE TMX Universe Bond Index, which measures the investment return of marketable government and corporate bonds outstanding in the Canadian market.
4. **Canadian Equity** seeks to track, to the extent reasonably possible and before fees and expenses, the performance of a broad Canadian equity index that measures the investment return of large-, mid- and small-capitalization, publicly traded securities in the Canadian market such as the FTSE Canada All Cap Index (or any successor thereto). It invests primarily in large-, mid- and small-capitalization Canadian stocks.
5. **US Equity** seeks to track the performance of the CRSP US Total Market Index. Which includes large-, mid-, and small-cap equity diversified across growth and value styles.
6. **Real Assets** investments may include private real estate, energy, timber, and commodities. Private real estate is comprised of commercial properties in various operating segments, primarily office, retail, hotel, industrial, and multi-family. Real estate should seek to replicate the performance of the Dow Jones Canada Select Equal Weight REIT Index.

G. Cash Flows and Rebalancing

Interest and dividends not automatically re-invested will be re-invested twice a year. Contributions will be invested within two weeks of their receipt.

H. Meeting Schedule

The Finance Committee (and external CIO) will meet to review the performance and the Endowment's compliance with objectives and guidelines annually.

I. Conflict of Interest Policy

Any situation that brings to mind the question of a possible conflict of interest should be brought to the attention of the Finance Committee; committee members should be sensitive to the appearance of impropriety. Generally, a conflict of interest exists whenever litigation, a contract, or other relationship being entered into, reviewed, or modified is:

- Between SSIPLA and a committee member, or the employer, business partner, or immediate family of the committee member; or
- Between SSIPLA and an organization in which the committee member's employer, business partner, or immediate family is director, officer, or legal representative, or has a material financial interest.

This policy is not intended to prohibit investing with any firms or investment managers with whom a Board Member or Committee Member is affiliated; rather such relationships must be disclosed and the affiliated Board or Committee Member should recuse himself from any decisions pertaining to the affiliated firm.

J. Policy Review

This Investment Policy Statement will be reviewed annually by the Finance Committee and be either reaffirmed or amended and submitted to the Board for approval.
